A Message to You

Hello family and friends from near and far, I want you to know that I am still here, despite the declined communication! I wish I could update you on all of the fun and exciting activities that your family member has been able to participate in during the last few months, but unfortunately most activities have been minimized due to Covid-19. However, we have managed to continue with our daily exercises, socials (social distancing of course) and most recently, family visits outside.

We are so very fortunate that all of our residents and staff have remained safe and well during this time, as we continue to take precautionary measures every day.

And, although we are unsure of when the world will return to “normal,” we will continue to step forward with grit, anchored in grace.

Stay safe, happy and healthy while we hope to see you all in the near future!
